Report of Committee on Missions

To the church of Jesus Christ has been given the ministry of reconciliation which involves upon each member a great responsibility and offers to them a glorious privilege. In order to pay our debt to all men everywhere we must pray fervently and give sacrificingly that the work on the field may go forward and those now waiting to be sent may go. In view of the fact that it is necessary to keep the needs ever before the people that they may look upon the fields that are white already unto harvest, we recommend,

1. That one missionary service be held at each Annual Conference.

2. That at least one sermon on missions be preached in each of the quarterly conferences during the year.

3. That each member of the Conference pledge himself to pray more earnestly for our missionaries on the field and for God to thrust out more laborers into the great harvest field.

4. That each pastor preach at least one sermon on foreign missions during each quarter, bringing before the people the present needs of the fields.

5. That each pastor take an active part in organizing mission-

ary societies in each of his churches, urging each member and others to join.

6. That each society arrange such programs each month as are calculated to inspire the members to be zealously active in carrying out the command of Christ: "Go ye into all the world, and preach the gospel to every creature."

Signed,

Mavis Lee Oakley,
W. B. Godwin,
Committee.

Report of Committee on Sunday Schools

Because of the great importance of the Sunday School work as an institution within the church, we recommend:

1. That active Sunday School work be maintained in all our churches throughout the entire year, and that full cooperation be given by every individual member of the church.

2. That great care be exercised in the election of officers and teachers so that the most spiritual and efficient leadership may be provided for each Sunday School.

3. That weekly teachers' meetings be held as far as practical in all our Sunday Schools for purposes of lesson study and discussion of the best methods of teaching and applying the truths of each lesson.

4. That, at least, one conference of all Sunday School officers and teachers be held in each of the districts composing this Conference during the conference year.

5. That an Annual Conference of all the officers and teachers of all the Sunday Schools within this Conference be held.

6. That each Sunday School take steps to provide a Sunday School Library for the use of all its members.

7. That all our Sunday Schools assume responsibility for some practical service outside of the school itself, such as supporting some child in the orphanage, or providing some needed equipment

necessary to raise the standard of our orphanage work to a higher plane.

Respectfully submitted,

J. A. Culbreth,
W. B. Godwin,
Committee.

On motion, the report was adopted.

Report of Committee on Education

The Bible in the World's Education is reduced to the minimum, if not in reality to the vanishing point. Men have been bold to declare that the Bible is the base stone and bond timber of all Christian government; but we may thoughtfully inquire if there be a real Christian government today. In the great American Democracy under which we live the Bible has been well nigh chased from our Educational System, and halls of learning. It was not always so. Leave the Bible to the churches to interpret and enforce is the demand of modern education fostered by a Democracy that desires to be regarded as Christian. Yea, by a Democracy that claims to be the very outgrowth of Christianity itself. Democracy progressing toward the goal of an ideal state claims to be the fruit of the Christian religion. Many very sincere and great men have been inspired by the motive that to advance democracy to its ultimate ideal is to thoroughly Christianize the world. They have labored grandly to achieve this end, and their accomplishments have been and are appreciated by multitudes. We hold no brief against their view, neither do we antagonize their works. And further, we have nothing to say that would be detrimental to the government under which we live. But the sad spectacle is presented in a land where democracy holds undisputed sway that the only place where the Bible is allowed to speak without protest is in the churches and a few ecclesiastical schools. The Bible as a factor in our educational system is reduced to a cipher. Leave the Bible to the churches, (and the masses are leaving the churches); consequently, the Holy Word is relegated to oblivion in our educational system and modern civilization. If our Educational System can allow no place for the Bible then our education is unchristian if not anti-christian. And the sad thing is that the majority of our people are content for it to be, and continue so. They desire their children to be godly and holy in character and life, and yet they are willing for the schools to turn them into channels of worldliness that ends in destruction. We want our children to be Bible Christians but yet we give our consent for them to be educated under influences adverse to the Bible. We are under obligation to put them where the Bible will be a factor in their education and where faith will be inculcated in their hearts. We cannot be indifferent to this ob-

ligation and be guiltless before God. If our children are worth saving they are worth being kept saved. And education under Biblical influences is one of the means of keeping them saved. We want the ranks of our ministry to be continually recruited from the laity of the church, but if our boys and girls are to be turned from the faith for which we stand in the schools and colleges of our land how shall we secure recruits for the ministry. We want to maintain high moral standards in our citizenship but how shall we do it if the Bible is swept from our schools and colleges? We call upon every one to earnestly pray for our boys and girls that they be saved from ruin through immoralities and infidelity in all schools in our land.

We recommend the following:

1. That all our ministers spend more of their time in Bible study and preparation for their pastoral and evangelistic services. Especially do we urge our young ministers to attend school when possible, and when not possible, to devote time for systematic and regular study of the Bible and related literary subjects.

2. That our Conference Superintendent arrange to conduct Bible study or study of the Discipline of the P. H. Church at all the quarterly conferences held during the coming year.

3. That our ministers encourage the efforts of our boys and girls and young people who are trying to educate themselves for lives of useful citizenship in the church and the state, and by example as well as by teaching, seek to set forth the principles of Christian Education.

4. That in our Sunday Schools and Young People's Societies we strive to inculcate principles of Christian education which will result in well-rounded characters and will supplement what our public schools are instructing.

5. Inasmuch as literature of unsound and unscriptural teaching is being given wide circulation, it is incumbent upon the members of the Pentecostal Holiness Church to inform themselves of the principles of our doctrine and fortify themselves against these erroneous and false teachings.

6. We request all our people to subscribe to The Pentecostal Holiness Advocate and read this Official Organ of our Church that they may educate themselves as to its accomplishments and developments.

7. We urge all parents to select wholesome reading matter for their children and supervise what they read.

8. Since our church is publishing its own S. S. Literature and turning all profits into the educational fund, we have the best plan for financing our educational work that the church has ever realized. Therefore, we recommend that all our people maintain good faith in the future success of a church school at Franklin Springs, Georgia.

9. We recommend that one-fifth of the money which this Conference Treasury pays into the General Treasury, be placed in the Educational Fund.

10. We recommend that each local church in this Conference pay one per cent of all money collected into the General Educational Fund, and that these remittances be made in connection with the quarterly reports.

11. We recommend that this Conference request the General Board to appoint a committee of educators whose duties shall be as follows at least in part:

1. To survey the field of educational needs in our church, with the purpose to devise a workable educational system.
2. To formulate a workable system of education adapted to the conditions of our church.
3. To propose some plan for raising an endowment educational fund.
4. To propose some system by which a regular and systematic support may be given by our people to our educational institution.
5. To make a statistical survey of the church in an effort to ascertain the strength of educational sentiment.
6. To make a report of their findings in The Advocate.
7. To study the present situation at Franklin Springs and endeavor to propose some plan by which an accredited school be begun there in the fall of 1932.

J. H. King,
J. W. Butler,
I. H. Presley.

On motion, the report was adopted.

Report of Committee on Finance

We, your Committee on Finance, make the following recommendations:

1. We recommend that each local church adopt some budget plan suitable to its local conditions. We suggest that at the first business meeting after Conference, each member promise that by the help of the Lord he or she will pay a definite sum into the church. We would further suggest that the Official Board give due consideration to every phase of the work in making distribution of church funds. We recommend that the official board of each church at the beginning of the Conference year, designate a minimum sum to be paid pastor each month.

2. We recommend that the members of this Conference pay at least fifty per cent of their tithes into the Conference Treasury. We suggest that these tithes be paid immediately after the session of the quarterly conference to which members may belong.

We recommend that the first tithe be paid to the General

Treasury and a second tithe be placed into a sinking fund to be used exclusively in evangelism.

3. We recommend that $200 be appropriated for the General Supt. That $60 be appropriated for the Minutes of this Conference. That $25 be appropriated for the Secretary. That $10 be appropriated for the Treasurer. That $40 be appropriated for Rev. Jerome Hodges.

I. H. Presley,
E. S. Beasley,
Jerome Hodges,
Committee.

On motion, the report was adopted.

Report of Committee on Evangelism

We, your Committee on Evangelism, submit the following recommendations:

Inasmuch as sin and wickedness abounds everywhere, and crime is on the increase, and knowing also that the gospel of our Lord and Savior Jesus Christ is the main and all sufficient remedy for the salvation of sinful man and the overthrow of sin and vice.

1. We recommend that each local church unite as much as possible with the evangelist, in praying, singing, laboring and supporting; with their finances, to aid and assist holding revival meetings in every community, wherever the way may be opened and the opportunity is offered.

2. That in the four districts of the N. C. Conference territory we advise that each Quarterly Conference strive to raise money wherewith a suitable gospel tent may be purchased to be used in evangelizing the new territory.

J. G. Crocker,
E. M. Bryant,

On motion, the report was adopted.

4. This fund shall be used exclusively for disabled ministers and their families.

5. All beneficiaries of this fund must be at the beginning of their disability paid up members in good standing.

6. The Official Board of the Conference shall have authority to make distribution of this fund when in its judgment a worthy application is made.

S. A. Fann,
E. S. Beasley,
W. T. Merritt,
Committee.

On motion, the report was adopted.

Report of Committee on Orphanage Work

The pure and undefiled religion which our church stands for, demands of us that we "visit the fatherless and widows in their affliction," and the most convenient as well as the most practical way to do this, is for every church to send regular monthly offerings for the support of our orphanage work.

We commend the work of The Falcon Orphanage and would encourage all our members to contribute as liberally and cooperate as loyally as they are able, to the support of this Pentecostal institution within our borders.

Signed,

J. A. Culbreth,
W. J. Noble,
J. W. Wellons,
Committee.

On motion, the report was adopted.

Report of Committee on Pentecotsal Young People's Society.

Recognizing the possibilities for developing the talents and ability of our young people and conserving their gifts and qualifications for the P. H. Church and aiding in its development and growth, we, your Committee submit the following recommendations:

1. That our pastors become more familiar with the P. Y. P. S., its purpose, aims and objectives and cooperate with societies already organized and work in harmony with the Conference P. Y. P. S. Officers.

2. We urge our Societies to select competent leaders who are eligible for administrative duties according to the rulings of the P. Y. P. S. Constitution.

in the P. Y. P. S. Quarterly, supplementing the material with suitable literature from other sources.

4. We request that the P. Y. P. S. members become better acquainted with every phase of work of the P. H. Church.

5. We request our older people to offer their encouragement to the efforts of the young people, and that due appreciation be shown for their work.

6. We suggest that societies send a report to the Conference President and Secretary-Treasurer each quarter, and that the advice of the officers be sought as a means of helping to keep alive the work of the local societies, and that the Conference President do all in his power to create interest in the P. Y. P. S. throughout the churches of the Conference, organizing new societies where possible.

7. We suggest that out of funds raised in each local Society, 20 per cent be sent the Conference P. Y. P. S. Treasurer for defraying expenses of Conference work.

John W. Berry,
Committee.

On motion, the report was adopted.

Report of Committee on Memoirs

We, your Committee on Memoirs, submit the following report:

Rev. T. J. Smith was formerly a member of the Methodist Church, but being convinced that Sanctification and Holiness is a Bible doctrine, he accepted this truth and sought and obtained the experience, was called to preach and cast his lot with the Holiness people and joined the Holiness Convention held at Magnolia, N. C. in the year 1901.

Bro. Smith was the oldest member of the N. C. Conference and while he did not preach very much on account of his age; but even though he was old and feeble, he stood firm for the truth we preach and held his testimony until his death. And inasmuch as it has seemed pleasing to the Almighty God our heavenly Father, to call our beloved Bro. Smith who was the oldest member of this Conference to his long home and reward, we reverently bow in humble submission to His will and devoutly pray for his relatives, and for one another that we and each and all of us may be true and faithful to God unto the end as our beloved and departed brother and co-worker.
